Hannah and Alex meet by chance, but perhaps inevitably. A passionate love affair consumes them, and threatens to destroy their married lives, and their beliefs. Often startling imagery portrays their physical and mental states as the affair grips them. Its effect on each of them is profoundly different, but their fates are entwined until the end.

In this literary thriller, Emily Hunter explores human nature under the influence of love, religion and secrecy. The book is narrated from the points of view of both Hannah and Alex. Their contrasting characters and narrative voices provide an arresting juxtaposition of thoughts and beliefs, and lead to a profoundly resonant and thrilling climax.

**Emily Hunter** grew up near Bath. She has two science degrees but also loves literature and writing. She now lives in London spending her spare time reading, writing, travelling and taking photographs. This is her first published novel.
